R E : **Institutional Biorepository Fee Schedule**

Effective **01 March 2020**, the Institutional Biorepository of Ann & Robert H. Lurie Children's Hospital of Chicago will implement the following fee schedule.

Fee Code	Description	Biorepository Charge
BIOTIER1	1-10 aliquots 15 minutes processing	\$15.00
BIOTIER2	11-20 aliquots 30 minutes processing	\$30.00
BIOTIER3	21-30 aliquots 45 minutes processing	\$45.00
BIOTIER4	Greater than 30 aliquots 60 minutes processing	\$60.00
BIOSTART1	Initiation Fee: Industry Sponsored Biorepository work	\$750.00
BIOSTART2	Initiation Fee: Non-Industry, Non-Federal Sponsored Biorepository work If applicable, also for Federal/Government Sponsored work	\$50.00
BIOMAN	Manual work requests: requisition review/modification, report generation, making sub aliquots	\$50.00
BIOPAT	Pathologist slide review and report creation for QA purposes 30 minutes Pathologist time	\$35.00
BIOICE	Dry ice for one shipment	\$20.00
BIORLS	Specimen release requests: generate release report, complete release forms, de-identification of vials, retrieval of samples	\$0.31 per vial
BIOSUB	Long-term storage of samples in institutional biorepository \$0.10 per vial, charged every 12 months	\$0.10 per vial
BIONEW	Transferring any existing banked samples into the institutional biorepository. Pricing will be the appropriate initiation fee (BIOSTART1, BIOSTART2, or N/A) plus \$0.31 for each vial that is added to the biorepository.	Initiation fee + \$0.31 per vial

External (non-Lurie affiliated users) will be charged a 2-5% increase on the established prices. The percentage will vary depending on the volume of vials and labor associated with putting samples into the biorepository.
